FRANKLIN UTILITY TRACTORS

Franklin Equipment Company builds utility tractors to meet the specific requirements of the attachment and the customer. We work with the Dealer, the customer and the attachment manufacturer to determine these requirements. We consider the attachment itself for size, weight, carrying capacity (if required), along with the customer's job requirements including terrain and floatation. These requirements help determine the horsepower and hydraulics necessary.

Franklin's engineering staff works with these considerations and uses axle, tire, horsepower, oscillation and wheelbase options to match the tractor to the attachment and the customer's needs. Other options such as winches, joystick steering, transmissions, bogie axles, reverse operator controls and oscillation locks provide the customer with the latitude to have a utility tractor designed for his specific application.

Franklin Utility Tractors, tough, dependable and engineered to do the job!

ENGINE:

Manufacturer.....Cummins
Horsepower.....155-240 HP

POWERTRAIN:

Transmission:*
Franklin Power ShiftSTD
Hydrostatic.....OPT

Axles:*

Franklin Heavy Duty Rigid
Outboard Planetary

Brakes:

Service:....Fully enclosed,
Multi-disc wet brake

Parking:....Spring applied
hydraulic release

OPERATIONAL:

Frame Articulation Angle... $\pm 42^\circ$

Frame Oscillation Angle $\pm 20^\circ$

Front Axle Oscillation

Angle (optional)..... $\pm 15^\circ$

HYDRAULIC SYSTEM:*

As Required

TIRES:*

23.1x26, 28Lx26, 24.5x32, 30.5x32
67/34x26 - flotation & duals available

*Matched to application & horsepower requirements

STANDARD EQUIPMENT:

Franklin gauge and alarm package
ROPS & FOPS enclosed cab with
A/C, heater, cab fan & lights
Lexan front and rear windshields
Deluxe suspension seat w/belts
Tilt & telescopic steering wheel
Tapered roller bearing center section
Full belly pans & bomb-bay doors
Central grease & pressure check points
12 volt electrical system
Two stage dry air cleaner w/pre-cleaner
Fire extinguisher
Hydraulic dozer blade
Shock mounted engine & radiator

OPTIONS:

Winch - 40,000# mechanical
10-40,000# hydraulic
Front bumper in lieu of blade
Front axle oscillation
Cradle lock
Extended tail section
Bogie rear axle
Reverse operator controls

All specifications subject to change

11/04
